Every Tuesday at 1PM in the Bar, from April to October. You'll get advice, inside tips on Lakes, Fish, Bait and of course Rigs that work here. Each week we see many of our regulars and new customers take on board the advice and then go on to catch their Dream Fish that they have been after for years but just needed to change their technique. The Rig Clinics have gone from strength to strength.

Remember it's completely FREE, we've designed it with you in mind AND the bar will be open too so if you fancy a nice cold Beer or Coke at the same time then you can! Venison burgers available if ordered in advance. We want to see you all catch those big and wonderful fish so the Rig Clinic and advice hour is there to help you achieve this.
